3. How many cents on the dollar did women earn for every dollar a man earned in 1989? In 1999?

4. Look at the tables showing average annual salary of male and female jobs and what do you notice?

5. How much higher is the average men's wages than the average wages of the leading 20 occupations for full-time employed women?

6. How long are most people, men and women, in the workforce?

7. What are the benefits of nontraditional jobs for women?

8. What are the benefits of nontraditional jobs for men?
9. Look at the list of barriers to females and males (the next two slides) and write a short paragraph of why you agree or disagree that those barriers exist.
10. On the slide "What Does This Mean?" look at the five statements and write what you personally could do now and in the future to support nontraditional career choices for yourself or those around you.
